Oct 2, 2025

Marni Baker-Stein

Marni Baker-Stein,
Chief Content Officer

Jhan Maurice De Roxas

has successfully completed the online, non-credit Professional Certificate

Microsoft AI Product Manager

Lead enterprise product development with Copilot! This program covered market research, cloud strategy, and UX/UI design, using Azure, Power BI, and Copilot. Building a portfolio demonstrates your ability to manage secure, compliant, and scalable software products from concept to launch, including go-to-market strategies and post-launch analysis. You have learned to apply AI and cloud capabilities, analyze data, and collaborate effectively. Develop roadmaps, prioritize features, and manage product lifecycles, ensuring security and compliance. Gaining practical experience through projects and case studies, preparing you to excel in enterprise product management. A Microsoft 365 license or free trial is needed to complete the course activities.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
